

Digital wheelchair scale with flat, easy to mount platform

seca 665 

- ▲ Extremely high capacity . Flat platform with self-lowering ramp . Integrated pre-TARE function . Easy to fold together and transport

Real comfort due to concentration on the essentials

▲ Safety, functionality, aesthetic design the seca 665 sets standards in medical weighing. Specially designed for weighing patients in wheelchairs, in rehabilitation centres, old people's homes, in hospitals and in dialysis centres, this scale provides both its users and patients maximum comfort and safety.

Extremely high capacity and easy to mount ramp

Due to the scale's load-bearing capacity of 300 kg, weighing even heavy wheelchair patients is effortless with the seca 665. An extremely flat platform with an automatically lowered ramp ensure that the scale is easy to mount. The firmly installed side rails and a black ribbed rubber surface are additional safety features.

Integrated pre-TARE function

With the pre-TARE function, the weight of the wheelchair can first be stored. Then, at the touch of a button, the weight of the wheelchair can be deducted from the total weight of the patient and wheelchair, thus automatically calculating the weight of the patient.

seca 665 C version with Smartcard station

In addition, the version seca 665 C, thanks to its integrated Smartcard station, is able to store and recognise the weight of various wheelchairs. The Smartcards can be attached to the respective wheelchair by means of a special card holder.

Easy to fold together and transport

A rotatable LCD display with large figures is easy to read both for the patient and for the carer. An important additional advantage is the mobility of the scale: the seca 665 can be folded together in no time at all and pushed along on its transport castors.

Technical data

seca 665

- Capacity: 300 kg / 660 lbs
- Graduation: 100 g < 200 kg > 200 g / 0.2 lbs < 440 lbs > 0.5 lbs
- Dimensions (WxHxD): 1,102 x 911 x 1,150 mm
- Platform (WxHxD): 800 x 65 x 985 mm
- Weight: 30.3 kg
- Power supply: Mains adapter / rechargeable batteries
- Approval class: III
- Functions: Automatic switch-off, pre-TARE, TARE, HOLD, weighing range switch-over, damping
- Optional: RS232 adapter set seca 460
